## Priestess

**Gear:** Flail, Buckler (shield)

\*: These maneuvers do not do damage. See below.

**Entangle Attacks:** You must have your weapon to do an Entangle attack. If successful, your opponent will be required to retreat to Extended Range.

**Maximum Body Point Changes:** Your Purple (Pink?) and Gray maneuvers can [temporarily?] change a character’s maximum Body Points. Raising this maximum does not change the character’s current Body Points. Lowering the maximum does not change the character’s current Body Points unless the new maximum is below the current; in that case lower the current to the new maximum. (Are these changes “until end of combat”?)

**Character Design:** Melpha is a new character.

**Gear:** The Gear list is from the translation.
